

PRODUCT DATA SHEET: PLUS ONE—BINS

Plus One—Bins for SAP Business One provides real-time visibility & management of inventory by bin location. Plus One—Bins allows wholesale distribution companies to methodically assign bin locations on items across multiple warehouses.

PRODUCT OVERVIEW:

A company's ability to optimize and control their inventory plays a major part in its ability to grow. Inventory is an asset that when optimized to meet your customers' needs, allows additional capital to be allocated into growth strategies.

Here's what *Plus One—Bins* will do for you:

⇒ **Fully Customizable:** Define number of levels in your warehouse

- Zone
- Bay
- Aisle
- Shelf
- Row
- Bin

⇒ **Fully accessible:** From any document involving inventory

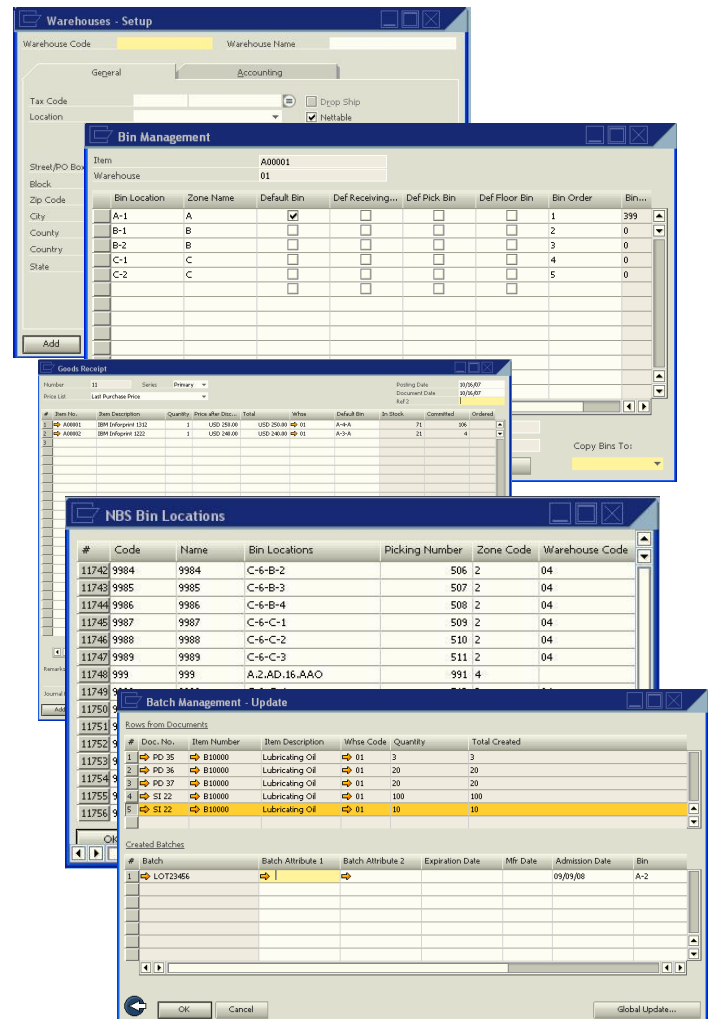

- Purchase order receiving: picking, packing & shipping
- Physical inventory counts
- Customer Returns Tracking
- Other inventory processes, such as inventory transfers and manufacturing

⇒ **Limitless Solutions:** Unlimited number of bins able to be assigned per warehouse

⇒ **Stay Organized:** Default bins for receiving, packing & storing inventory

- Secondary bin locations can also be set to store sub-groups, products

⇒ **Fully Automatable:** Define best path for Pick & Put
Away efficiency
