

PROVEN SOLUTIONS

- › We provide supply chain integration and intelligence to more than 70,000 customers in over 65 countries.

SPEED

- › Our compliant web solution can be deployed in as little as 48 hours - connections in place within 45 days.

SCALABLE

- › Our pre-built integrations support 300 order management models across more than 3,000 retailers, grocers and distributors.

FULL SERVICE

- › Partners have access to our dedicated logistics, implementation and customer success teams.

UPSELL

- › More opportunities with “best-of-breed”, established supply chain solutions.
- › We’ve partnered to deliver integrated ASN, retail label solutions and tracking information for 100 percent retail compliance.

WHAT TO EXPECT FROM INTEGRATING WITH FULFILLMENT (EDI)

- › Reduce stock outs, overstocks and backorders significantly.
- › Integrate with countless retailers, manufacturers, 3PLs and more.
- › Save up to 75% in costs by moving to our cloud-based solution versus traditional software approaches.
- › Improve ship timelines, inventory positions and sales.

WHY CHOOSE SPS COMMERCE

- › More than 70,000 companies trust the SPS Commerce platform. With that many organizations in our network, SPS is probably already working with many of your trading partners, making integration especially easy.
